Drafting brings a Bernese Mountain Dog to life showing an entirely new side to his nature. This is his Job! He was bred for a purpose—draft work and driving. So start out right with the proper training. Whether you are a beginner thinking about having some fun with your dog or training to enter a competitive Draft Test, we have something that will interest you. Our seminars are taught by Draft Test Judges and experienced handlers. The Clinic offers training for all levels of drafting and includes individual, hands-on training.

The Heart of Michigan Bernese Mountain Dog Club welcomes non-members and all breeds of sound, healthy dogs to participate. No vendors are allowed to sell or promote products at this event, and the selling of puppies is strictly prohibited at HMBMDC events

- ♥ Coffee and beverages will be provided, lunch will not be provided so you need to bring a picnic lunch.
- ♥ You also need to bring food & water for your dog (crate/x-pen optional) and a lawn chair for yourself.
- ♥ This event will be held rain or shine as the site we are using has an indoor arena.
